Action Proposed as a Result of a Survey of the  
Requirements, Facilities, and Arrangements of  
the United States Government for Foreign Economic  
Intelligence Relating to the National Security

---

1. Attached is a draft of a report from the Central Intelligence Agency to the National Security Council in compliance with NSC Action 282. This draft was prepared with the collaboration and assistance of representatives of the intelligence components of the Departments of State, Army, Navy, and Air Force.
2. It is proposed that prior to the submission of this report to the National Security Council, the Intelligence Advisory Committee concur in the proposed NSCID (Tab B - tabbed in red) and in the establishment of an Economic Intelligence Committee according to the recommendation contained in Tab A (also tabbed in red).
3. The remainder of the draft report is forwarded for your information.
